WITTE MAY NOT COME

RUSSIAN STATESMAN LIKELY TO
DECLINE PLACE ON THE
PEACE COMMISSION.

INCENSED AT THE EMPEROR

NEWLY APPOINTED PLENIPOTEN-
TIARY COLDLY RECEIVED
BY RUSSIAN RULE.

St. Petersburg, July 15.—M. Witte,
after his audience of the emperor at
Peterhof, returned Friday evening to
St. Petersburg and drove directly to
the foreign office, where he was closeted
for three hours with Foreign Min-
ister Lamsdorff.

A sensational report was current
early Saturday morning that M. Witte
might not go to Washington after all.
According to the story his audience
of the emperor was anything but
smooth, his majesty rather resenting
M. Witte's plain spoken ideas and in-
dicating that under the circumstances
he would prefer that Baron Rosen
should act as chief plenipotentiary.
The emperor is even said to have in-
dicated that Count Lamsdorff exceed-
ed his authority in officially announc-
ing to the Washington government
that M. Witte would occupy the first
position.

M. Witte is said to have left the em-
peror in an ugly frame of mind and
to have frankly informed Count Lam-
sdorff that it would be impossible for
him to undertake the mission. It was
only by the greatest effort, the story
says, that the foreign minister suc-
ceeded in persuading him not to flatly
refuse and the question as to whether
he will go to Washington is said to
be still open.

Although the Associated Press
heard this story from a high person-
age, its informant was not prepared to
vouch for it and there is no confirma-
tion of it from other quarters up to a
late hour. It is therefore sent under
great reserve, as it may prove to be
an invention.

Backed by Count Lamsdorff.

The greatest element in the strength
of M. Witte's position after negotia-
tions shall have begun is the fact
that he is in thorough accord with
Count Lamsdorff, the foreign minis-
ter, who can be depended upon to sup-
port his recommendations before the
emperor against all contrary in-
fluences.

A prominent Russian statesman who
is peculiarly qualified to speak on the
matter, said:

"The emperor now sincerely de-
sires peace. In spite of somewhat
strained personal relations in the past
between the emperor and M. Witte,
due to the fact that the latter was
never a fawning courtier, but always
insisted on bluntly telling his imperial
master what he believed, the emperor
has always recognized M. Witte's
great ability and devotion to the best
interests of Russia. It was gall and
wormwood to his majesty, however,
to turn from the extrication of Russia
from her difficulties to the very man
who predicted all the disasters with
which the throne has been beset as the
result of this unfortunate war and
whose advice he so long rejected. The
fact that the emperor has done so
proves the measure of his desire for
peace. Nevertheless, his majesty is
surrounded daily, even hourly, by
members of the military party, many
of whom are blindly Chauvinistic.
The emperor cannot disregard the
men who control the power which sup-
ports the throne and dynasty, and
therein lies the danger that even M.
Witte may fall. However successful
the negotiations may be, the machina-
tions of the military party will have
to be reckoned with."

COSSACKS OBJECT TO FOOD.

Their Delegate Is Shot Dead and They
Are Imprisoned.

Warsaw, July 15.—At the cotton
milling center of Zgierz, near Lodz, a
number of Cossacks declined to eat
what they considered bad food and
sent a delegate named Khazanov to
the captain to demand double pay,
double rations, better food and the
payment of arrears. In reply the cap-
tain drew a revolver and shot Khaza-
nov dead. As the demands were per-
sisted in troops were summoned and
the Cossacks were seized and impris-
oned in the fortress of Ivangorod.

Tiflis, Caucasasia, July 15.—A regi-
ment of Russian sappers stationed at
a small village in the mountains near
here has murdered all its officers and,
it is rumored, has joined the revolu-
tionists.

contrary to that of her husband. Won-
derful people!—Minneapolis Journal.

WISCONSIN WINS CASES.

Railroads Must Pay for Falsifying
Gross Earnings Reports.

Madison, Wis., July 15.—The state
won the penalty cases against the
Chicago and Northwestern, Chicago,
Milwaukee and St. Paul, Chicago, St.
Paul, Minneapolis and Omaha and the
Minneapolis, St. Paul and Sault Ste.
Marie railroads.

Judge Stevens in the Dane county
district court filed his decision in
these cases Friday. The court finds
that the state is entitled to recover
from these railroads \$10,000, as these
railroads admitted they falsified their
reports of gross earnings made to the
state for the year 1902.

The state still has an action against
these same railroads to recover pen-
alties upon the reports of earnings
which they made for the year 1903.

The state has penalty suits also
against four other railroads. On the
basis of the decision Friday and on
what is known of the reports of the
earnings of the various roads the
state would be entitled to recover in
penalties a total of \$160,000.

On gross earnings wrongfully with-
held the roads still owe to the state 4
per cent upon the total amount of
gross earnings, which will amount to
more than \$500,000.

The railway companies will appeal.

TWO SEATS STILL VACANT.

Work of Selecting a Jury in the Koch
Case Is Slow.

Mankato, Minn., July 15.—Two va-
cant seats in the Koch jury box show
that at least another day must elapse
before the panel is complete. It was
remarked among the attorneys for the
defense when court took the evening
recess Friday that the case would not
be opened to the jury Saturday. Good
progress was made Friday morning
when three jurors were secured, but
not one was added to the list in the
afternoon, although twenty talesmen
were examined.

DECLINES TO DIVULGE

NEW YORK EDITOR REFUSES TO
REVEAL NAME OF AUTHOR
OF BOODLE CHARGES.

Albany, N. Y., July 15.—Editor-in-
Chief Ervin Wardman of the New
York Press was the storm center Fri-
day in the state legislature. His re-
fusal to give the reasons for his ex-
pressed belief that members of the leg-
islature had been the subject of im-
proper influences in connection with
the trial of the charges against Su-
preme Court Justice Warren B.
Hooker produced intense excitement
and the question of the disposal of his
case has entirely overshadowed in in-
terest here the charges against Jus-
tice Hooker. Incidentally the situa-
tion has raised far-reaching questions
as to the status and powers of the
present joint session.

This situation developed unexpect-
edly out of the desire of members of
the legislature to learn who wrote an
article in the Press of last Wednes-
day, in which it was asserted that both
political pressure and "boodle" were
being invoked in behalf of Justice
Hooker to prevent his removal from
office as a justice of the supreme court.
Mr. Wardman appeared in person
and declared that the article had ap-
peared during his absence on vacation
and he did not know who wrote it. He
was instructed to telephone during the
recess to his managing editor, Mr.
Hennessy, and ask him who wrote the
article.

Mr. Wardman announced when re-
called that he had asked Mr. Hen-
nessy for the name of the man who
wrote the article but did not get the
information sought. He said he might
compel Mr. Hennessy to give him the
information by threatening to dis-
charge him, but he would not do that.

Confronted with this situation the
leaders hesitated, plainly at a loss
what to do. Mr. Wardman was ex-
cused but instructed to return next
Monday night, to which time the ses-
sion is adjourned. Meanwhile sub-
poenas were served upon the manag-
ing and night editors of the Press.
They were instructed furthermore to
bring with them the original manu-
script of the article objected to.

NEGRO ESCAPES TORTURE.

duras Crowd.

New Orleans, July 15.—Robert Mc-
Field, the negro who killed eleven per-
sons aboard the British trading schooner
Olympia, was lynched by the popu-
lace of Ujilla, Honduras, the night
after the gunboat Tatumia surren-
dered him to the civil authorities there.
The jail was surrounded at night-
fall, the guard quickly overpowered,
and McField, raving and cursing,
dragged out and hanged and riddled

H. F. MICHAEL CO'S Daily Store News

As a 16 year old Miss Views Our Store

The following advertisement was written by Miss Zella Slipp
and entered in our advertisement contest. It shows originality of
thought which is not without merit.

By Miss Zella Slipp.

The adage that a woman had better be dead than out of the fashion, still haunts
the minds of the female sex.

Life is sweet and the greatest earthly desire of woman is to be in the fashion.
Man, on the other hand, considers his highest aim in life, ratified in being the
happy possessor of a contented wife.

Man, what would you not give to insure you your life's happiness thus verifying
the statement that a contented mind is a continual past?

We have much pleasure in being able to meet this great need of suffering hu-
manity by presenting to the public the up-to-date dry goods store of H. F. Mi-
chael Co., which carries such a stock of goods as can only satisfy the fastidious
taste of woman and insure her the true means of being in the fashion.

We repeat that life is sweet, but life is also short; so see to it at once, oh! man,
and avail yourself of this rich opportunity of obtaining happiness by sending
your wife with a well filled purse to H. F. Michael Co. and we will guarantee you
your money back if she is not more than satisfied with the wonderful bargains in
dress goods, shirt waist suits, embroideries and laces, materials for decorative art,
Richardson silks and all the stylish lingerie which complete the toilet of the
fashionable woman.

ROOSEVELT'S GUESTS

KOGORO TAKAHIRA, T. P. SHONTS
AND JOHN F. STEVENS CALL
ON THE PRESIDENT.

DISCUSS IMPORTANT TOPICS

PEACE CONFERENCE AND PAN-
AMA CANAL THE SUBJECTS UN-
DER CONSIDERATION.

Oyster Bay, July 15.—Important de-
tails concerning the forthcoming peace
conference between plenipotentiaries
representing Russia and Japan and
matters relating to the construction
of the Panama canal were under con-
sideration Friday by President Roose-
velt. He and Mrs. Roosevelt had as
guests at luncheon at their Sagamore
Hill home, Minister Kogoro Takahira
of Japan, Theodore P. Shonts, chair-
man, and John F. Stevens, chief en-
gineer of the Isthmian canal commis-
sion, and Thomas H. Hynes, auditor
of Porto Rico.

Several days ago Minister Takahira
made an engagement to see the presi-
dent Friday concerning the arrange-
ments for the reception of the peace
envoys at Sagamore Hill and about
some other details of the peace con-
ference to be held at Portsmouth, N.
H. The Japanese minister arrived
here at 12:20 o'clock from New York.
He was met at the station by one of
the president's confidential messen-
gers, who escorted him to Sagamore
Hill. Assurance was given that the
minister's visit was not of notable
significance. He bore no special ad-
vices to President Roosevelt from the
Japanese government. He discussed
with Mr. Roosevelt some points about
the approaching conference, but it is
announced that no date was agreed
upon for the reception of the Russian
and Japanese envoys by the president.

Date of the Reception.

Minister Takahira could not say
positively when Baron Komura, the
Japanese minister of foreign affairs,
who is the principal envoy of Japan
to the conference, would arrive in this
country. He is en route now from
Japan and is expected to reach New
York about July 30. If M. Witte, the
chief plenipotentiary of Russia, shall
have arrived by that time, the recep-
tion to the envoys by the president
probably will take place at Sagamore
Hill on Aug. 1.

Minister Takahira expressed his
personal gratification at the designa-

tion of M. Witte as the leading plen-
ipotentiary of Russia.

Chairman Shonts and Chief En-
gineer Stevens remained with the presi-
dent some time after the departure of
Minister Takahira. This was the first
opportunity the president had had to
discuss canal matters with Mr. Stev-
ens and they went over the subject
thoroughly. As both Mr. Shonts and
Mr. Stevens expect to sail for Panama
on July 20, the president desired to
consult with them before their de-
parture.

It is not likely that Mr. Stevens
will be made, in the near future, a
member of the executive committee
of the Panama canal commission, a
position occupied by his predecessor,
Mr. Wallace. It can be said that Mr.
Stevens has been given practically a
free hand to do construction work of
the canal.

Mr. Stevens has his own ideas about
the methods to be pursued and will
not be interfered with in the work of
his department. His desire is to dig
the canal and to that great undertak-
ing he will devote all his energy and
ability, leaving the executive and ad-
ministrative details to be worked out
by Chairman Shonts, Governor Ma-
goun and the commission.

it was a dangerous place and the earth
caved in before Johnson could escape.
The inclined timbers protected him
until help arrived.

high wind struck Winnipeg at mid-
night, following a severe rain and elec-
tric storm. The walls of a brick
building in the course of construction
on James street were blown down and
several people buried beneath the

IN INTEREST OF THE TRUST.

Charged That Government Tobacco
Statistics Have Been Manipulated.

Washington, July 15.—Through the
receipt of numerous communications
from the South and statements ap-
pearing in the press at various times
that the statistics of the department
of agriculture on tobacco were being
manipulated in the interests of the
so-called tobacco trust Secretary Wil-
son has begun an inquiry into the sub-
ject. Pending the investigation the
publication of the tobacco statistics
of the several districts will be held up,
although the regular monthly figures
by states will be given out on Monday
next.

SATURDAY, JULY 14, 1905.

Would you think it, an ice man in Mankato has gone bankrupt, and right in the middle of July.

The hot weather does not seem to have any effect on the enmity that seems to exist between the Wadena quill pushers.

Those fellows who seem to be having so much trouble and worry over the future of the republican party in Minnesota should take a vacation during this sultry weather at least.

There is quite a probability that the Minnesota editors will go east for their annual outing over the great lakes, visiting Boston and other points and consuming the greater part of three weeks in the trip.

If all the fellows who are talking Frank Eddy for governor in 1906 stick to it until the time when talk counts, the Sauk Centre statesman will start the ball rolling with a boom. And Frank in the mean time is saying nothing.

The rural free delivery carriers will have six days in which to celebrate, thanks to the postmaster general, who has ordered that hereafter New Years, Washington's Birthday, Decoration Day, Fourth of July, Labor Day and Thanksgiving shall be observed by them as holidays.

St. Paul is straining every nerve to accomplish the feat of raising money enough to build an auditorium that will attract public gatherings and conventions composed of large numbers of people to its borders. Its sister city of Minneapolis has made this necessary by setting the pace, but St. Paul will not be outdone.

If you can buck wood, play the cornet, attend to the editorial and local page, give ample proof of your ability as a job printer and compositor, there is a job open for you over in Otter Tail county. The proprietor of the paper there wants just such a man and he is willing to pay a good price too, not exceeding \$7.75 per week.

The town of Ely boasts of a man who is so devoted to his wife that though married a dozen years he never leaves home without kissing her, and Tower goes to him one better by having a man who not only kisses his wife every time he leaves home but who also kisses the hired girl every time his wife leaves home—and he's been married 20 years.

In Switzerland the railroad companies determine who are entitled to half fare rates by means of measurement. Children who are under two feet and one inch get the benefit, and at each ticket office is a measuring machine where every child is measured who applies for a half fare ticket. Probably in the near future railroads will inaugurate the system of carrying passengers by weight and then the fat man will have no advantage over the lean man even though he does occupy two seats.

NORTHERN and eastern Minnesota is bound to become one of the best dairying districts in the northwest. Wild grass flourishes luxuriantly, fodder corn records a yield of from four to eight tons of cured fodder to the acre, and it is the best clover growing district of the state. In addition to this all root crops yield abundantly and the oat and barley crop is of the best. Our lakes and streams of clear, pure water add additional advantages and clearly make it the ideal dairy section. The settlers of northern Minnesota should turn their attention to a large extent to dairying and dairy cattle.

P. T. Armitage, traveling passenger agent for the Northern Pacific was in the city today on official business. Mr. Armitage reports that the travel to the Portland exposition has been very good, in fact, way beyond expectations. Up to June 15 the N. P. transported 25,000 people to the coast. This year has been a record breaker on the Yellowstone park business. The attendance at the park up to June 15 exceeded anything in the history of the road even up to July 15. The one thing that the Northern Pacific has sought to avoid this year is the congestion of people at the park and they have arranged their affairs that just as many people are entertained as they can take care of in nice shape. They are able under the present system to care for many more.

Prof. C. T. Gleason, the blind piano tuner, is in the city and will be at the National Hotel for three or four days.

RIOTING IN NEW YORK

WHITES AND NEGROES ENGAGE

IN DESPERATE FIGHTS AND

SEVERAL ARE HURT.

POLICE ALMOST POWERLESS

UNABLE FOR SOME TIME TO GET

THE LARGE CROWDS OF RIOT-

ERS UNDER CONTROL.

New York, July 15.—"San Juan Hill," the district bounded by Amsterdam and West End avenues and Sixty-first and Sixty-third streets, so-called because of its notoriety as a battleground, was the scene Friday night of a furious race riot which required 250 policemen to quell after many shots had been fired and several persons had been seriously injured.

The trouble began shortly after 9 o'clock when a policeman arrested Edward Connelly for attacking Henry Williams, a negro, and was pursued to the station house with his prisoner by a mob of Connelly's friends hurling showers of stones and other missiles. When the station house reserves turned out the whole neighborhood was in an uproar and blacks engaged in desperate struggles in the streets. Showers of missiles were hurled from roofs and windows. Within ten minutes not less than 1,000 men, boys and women, black and white, were engaged in furious combat. The small party of police were powerless and reinforcements were summoned. On their arrival a cordon was drawn around the whole district and strong patrols made repeated charges down the streets in a vain effort to restore order. They succeeded in making a few prisoners and were forced to retreat, fighting every inch of the way, and pursued to the station house by a howling mob.

The worst of the fighting was in Sixty-second street, where from every window and from every roof rained missiles, while hundreds of shots were fired. Roundsman Patrick Walsh was knocked down by Joseph B. Smith, a negro, who leaped upon him from a stoop, and after attempting to shoot him struck him repeatedly with the butt of his revolver. Walsh was finally rescued by his comrades.

Hurry Call for Reserves.

Inspector McLaughlin arrived shortly before 9 o'clock and realizing how widespread was the danger, sent hurry calls for reserves. In all there were more than 250 men under command of the inspector within twenty minutes.

Squads of men were then sent along the roofs of the houses in Sixty-second street, where the fighting seemed heaviest. They walked from West End avenue to Amsterdam, clearing the roofs, and found that many chimneys had been torn to pieces to furnish ammunition to the rioters and in the corners of roofs were mounds of bricks, pottery and bottles. More arrests were made and several whites and negroes were rescued from gangs of assailants, but desultory combats continued.

The rioting spread down to Fifty-seventh street and up to Sixty-eighth street, although the hardest battles were fought between Sixty-first and Sixty-third streets. For more than half an hour cars on the Amsterdam avenue line were blocked. Colored men, pursued by whites, took refuge on cars as they passed and were followed by showers of bricks and stones as they fled. Several passengers were slightly hurt by stones and broken glass.

In all seven whites and two negroes had their injuries attended to by the ambulance surgeons, but scores of others less seriously hurt were taken to their homes by friends.

Five whites and six negroes, among them women of both races, almost all of whom bore traces of conflict with the police, were arrested. The men were all heavily armed.

THREE RAILROAD MEN KILLED.

Two Others Probably Fatally Injured in a Wreck in Iowa.

Marshalltown, Ia., July 15.—Three men were killed and two probably fatally injured Friday in a freight wreck on the Iowa Central railroad near Richland, Ia. The dead are: Jesse Long, engineer; William West, fireman; Samuel Woolsey, brakeman.

The injured are C. K. Williams and W. L. McMahon.

A car of oil took fire, the tank exploded and burned the bodies of the killed to a crisp. The fire destroyed a bridge over a creek, where the wreck occurred and burned five cars. All the dead men lived at Oskaloosa.

Bishop Joyce's Strength Failing.

ASSEMBLY HAS NEW OFFICERS

Louis Roth was Elected President
Last Night of Trades and
Labor Assembly

WAS SEMI-ANNUAL ELECTION

Mrs. Otto Lundberg Addressed the
Meeting Last Night on an
Interesting Subject

The semi-annual meeting of the
Trades and Labor Assembly was held
last night in Trades and Labor hall and
a new set of officers were elected for the
ensuing six months as follows:

President—Louis Roth.
Vice Pres.—C. H. Sherman.
Rec. Sec.—Herbert Wood.
Fin. Sec.—John McCullough.
Treasurer—W. H. Bolton.
Sergt-at-Arms—Thos. Gattton.
Trustees—R. C. Kutz, Jacob Kaupp
and E. Luck.

There was nothing of importance out-
side of this election at this meeting.

Mrs. Otto Lundberg was present last
evening and addressed the members on
an important subject, however. She is
interested in the organization in Brainerd
of the "Woman's Label League" and
she spoke on the subject last evening.
This is the league which was endorsed
by the recent convention of the State
Federation of Labor, and it is intended
to promote the use of the union label
and to work in harmony with other un-
ions to see that the label is recognized
everywhere.

Bent Her Double.

"I knew no one, for four weeks, when
I was sick with typhoid and kidney
trouble," writes Mrs. Annie Hunter, of
Pittsburg, Pa., "and when I got better,
although I had one of the best doctors
I could get, I was bent double, and had
to rest on my hands and knees when I
walked. From this terrible affliction I
was rescued by Electric Bitters, which
restored my health and strength, and
now I can walk as straight as ever. They
are simply wonderful." Guaranteed to
cure stomach, liver and kidney disor-
ders; at H. P. Dunn & Co.'s drug store;
price 50c.

TO CLEAN UP YARDS

Project of Several Well Known Citizens
to Organize an Improvement League
for this Purpose

There is a move on foot in this city to
organize an improvement league which
will have as its object the promotion of
better improvements in private yards in
the city. It is thought by this means
people who pay little or no attention to
the beautifying of their grounds can be
induced to do something and thus add
much to the attractiveness of the city.
Rev. H. W. Knowles spoke of the mat-
ter at the meeting of the Commercial
Club Tuesday night and it is believed
that his talk has already taken root and
good will result.

Forced to Starve.

B. F. Leek, of Concord, Ky., says:
"For 20 years I suffered agonies, with
a sore on my upper lip, so painful
sometimes that I could not eat, I cured
it, with Bucklen's Arnica Salve." It's
great for burns, cuts and wounds. At
H. P. Dunn & Co.'s drug store; Only 25c.

ECHO OF RECENT MEETING

In This City of the State Federation of
Labor--First Meeting of the Federa-
tion Council

There was a meeting of the Federa-
tion Council of the State Federation of
Labor in Minneapolis a few days ago.
The minutes of the Brainerd meeting
were read and approved. Secretary
McEwen's report for June was read
showing that three unions had affiliated
since the Brainerd convention, namely,
Retail Clerks' union, Brainerd; Stage
Employees, Duluth, and the Plumbers'
union, St. Paul.

Organization plans were considered.
Garfield Morrison, of Mankato, said that
in Mankato a committee had been ap-
pointed and money raised for the pur-
pose of going ahead with the work
there, and that July 17 had been set as
the date for the placing of an organizer
in the field. After hearing Mr. Morri-
son, the council voted to assign Organi-
zer Bly.

Representatives of the Bakers' union
asked that organizers of the State Fed-
eration be instructed to aid them in
the work of organizing the bakers in
the smaller towns. This matter was
also turned over to Mr. Bly with in-
structions to give the desired assist-
ance.

Speaking of the outlook for the year
for the Federation, a prominent mem-
ber of the council said:

"When we go into convention at Still-
water in June, 1906, we hope to make
a report that will fill the expectations
of every delegate to that convention.
Let every union in the state do its best
to increase its membership, and bring
every unorganized workman in their
jurisdiction under the banner of the
American Federation of Labor, and
thus aid the good work the Federation
Council is trying to accomplish."

The council will meet again at 10:30
a. m., Sunday, Aug. 13, at Minneapolis.

The Fall Term of Mankato Commer-
cial College opens Sept. 1. It will pay
to enroll then.

sible.

TO AVERT ARSON AND MURDER.

Russian Landed Proprietors Give
Peasants Part of Their Crops.

London, July 15.—The correspond-
ent of the Standard at Odessa asserts
that with a view to averting arson and
murder the majority of the landed
proprietors are now voluntarily con-
ceding to the revolutionary peasants
one-third of their crops and in many
instances, one-third of their stock also.

HELP FARMERS EAST OF HERE

Company Asked to Put in a Cul-
vert Eight feet Wide at
Crow Wing Lake

Some time ago THE DISPATCH stated
that the farmers in the vicinity of Crow
Wing and Lenox were up in arms over
the high water which covered some-
thing like 2500 acres of rich, fertile
land, due largely, they believe to the
fact that where once there was a bridge
at the foot of Crow Wing lake the
Northern Pacific company substituted
a small pipe.

This pipe, it is claimed, has been in-
adequate to carry off the water and the
farmers threatened to blow up the
whole grade for some distance with dy-
namite.

The farmers took the matter up with
the county commissioners with the re-
sult that the commissioners have in-
structed the county auditor to request
the Northern Pacific to put in a culvert
at the foot of Crow Wing lake eight
feet wide and as deep of course as it
thought necessary.

WILL VISIT BRAINERD

Arthur E. Ireland, Newly Elected Business
Agent of the Machinists will be

Here in Short Time.

About twenty delegates from districts
32 and 37, comprising the machinists'
lodges of the Northern Pacific and Great
Northern railways, met in St. Paul to-
day to participate in a joint meeting of
the officials of the systems named and
the representatives of the lodges.

Better conditions in general are be-
ing sought by the machinists—more
pay and shorter hours. Ten hours is
the length of the working day in many
places at present, and it is the desire of
the workmen that the day be shortened
to eight hours by easy stages if such a
thing is possible. Superintendents of
motive power and other interested of-
ficials of the companies are in St. Paul,
and it is expected the work in hand will
be disposed of promptly.

Arthur E. Ireland, special organizer
for the International Association of Ma-
chinists, will assist in the work. After
the settlement of the schedules Mr. Ire-
land will leave for an extended visit to
the north. He will visit Stillwater,
Brainerd, Duluth, Two Harbors and
Proctorknott, Minn., and Superior, Wis.,
in all of which places he will look after
matters for his international.

ACCEPTS THE INVITATION.

France Will Take Part in Conference
on Morocco.

Paris, July 12.—The acceptance by
France of the invitation to take part
in the international conference on Mo-
rocco was dispatched by special mes-
senger to the sultan Monday night.
The messenger is expected to arrive
at Fez July 19.

Plans are being matured whereby
similar instructions will be communi-
cated to reach the French and German
representatives in Morocco relative to
the sultan's preparation of a pro-
gramme for the conference.

MUSIC AND DRAMA.

HIGH CLASS VAUDEVILLE TONIGHT.

Two hours of polite vaudeville as given
by the Orpheum Vaudeville com-
pany each week is steadily growing in
favor and fast becoming the popular
form of amusement for both old and
young. The bill to be given tonight by
this company will be of much interest
to the patrons. There will be the usual
number of high class acts including the
Evans Trio in a charming comedy sketch
"The Passing Show" featuring Mrs. C.
Leslie Evans, who is conceded by man-
agers and the press to be the greatest
impersonator of child characters on the
vaudeville stage. The Vanderkoors in
their original laugh provoking sketch
"The Magician and the Yap" H. B.
Riggs singing and dancing comedian,
The sensational unicyclist, Sig. Franz, in
a series of wonderful feats. Colton and
Darrows, refined comedy sketch. Miss
Ethel Jackson, singing and dancing
soubrette. The latest beautiful illus-
trated songs, and last but not least the
wonderful Kinetoscope presenting a
new and startling series of moving pic-
tures. Same popular prices.

"OLD ARKANSAW."

The seat sale opened this morning at
H. P. Dunn & Co.'s for the performance,
"Old Arkansaw," at the Brainerd opera
house on Monday evening next. The
piece like others of the Fred Raymond
stripe is one of those wholesome com-
edies with just enough of the serious in-
tervening to make the performance in-
teresting throughout. "The Missouri
Girl," which was presented here some
time ago is one of the Raymond pieces
and patrons of the Brainerd opera house
will recall that this made a great hit.
The prices have been placed within
reach of all for this performance, 75, 50
and 25 cents.

A little life may be sacrificed to an
hour's delay. Cholera infantum, dysen-
tery, diarrhoea come suddenly. Only
safe plan is to have Dr. Fowler's Ex-
tract of Wild Strawberry always on
hand.

Summer School Notes.

The enrollment at the Brainerd sum-
mer school has reached the 200 mark
and there are in actual attendance 175
teachers.

The lecture by Prof. O. T. Denny last
evening was heard by several hundred
people and it was one of the interesting
events of the summer school sessions.

There are now enrolled 125 pupils in
the Miss Burrall primary method class,
necessitating a division of the class.

Among the visitors at the summer
school this week were Miss Helen Mur-
ray, of Smiley and Miss Emma Willard,
of Fort Ripley. Also the Misses Seal-
scott and Mann of the Chicago public
schools.

The Diamond Cure.

The latest news from Paris, is, that
they have discovered a diamond cure
for consumption. If you fear consump-
tion or pneumonia, it will, however, be
best for you to take that great remedy
mentioned by W. T. McGee, of Vanleer,
Tenn. "I had a cough, for fourteen
years. Nothing helped me, until I took
Dr. King's New Discovery for consump-
tion, coughs and colds, which gave in-
stant relief, and effected a permanent
cure." Unequalled quick cure, for throat
and lung troubles. At H. P. Dunn &
Co.'s drug store; price 50c and \$1.00,
guaranteed. Trial bottle free.

Honor for Brainerd Young Lady.

Miss Dona Lyman and her charming
friend Miss Louise Beare will leave
Thursday evening for Brainerd, Miss
Beare's home, from thence they will
proceed to Minneapolis where they will
be guests of friends for a few weeks.
Miss Dona will not return home until
about the middle of next September.
Miss Beare is a young lady of rich and
rare personality whose marvelous dis-
play of musical genius has won her an
enviable degree of admiration and all
those who were fortunate enough to
hear her duly appreciate her exception-
al ability and talent.—Crookston Times.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

NEW YORK HARBOR.

Some of the Wonders of This Vessel Crowded Port.

To present to the mind an easily conceived picture of New York harbor one might make the comparison of the upturned right hand, with the long, straight forefinger for the lower stretch of the Hudson, with the thumb, joint turned out, standing for the bent East river and the palm of the hand representing upper New York bay. The three together make up the harbor of New York. As Hudson river shelters most of the north Atlantic liners while in port, so does East river harbor those that go to make up the truly foreign fleets. Here they are, pier after pier of them—the steamers that go to the far countries. Mind the roll—Brazil, Argentina, Chile, Peru, west coast of Africa, Australia, India, China, Japan! And hark again to the call of the ports—Rio Janeiro, Buenos Ayres, Valparaiso, St. Paul de Louanda, Cape Town, Tamatave, Sydney, Singapore, Hongkong, Yokohama! And the strange stuff of their cargoes! Rubber from the Amazon swamps—see the naked Indians tapping the trees and the silny reptiles in the shadowy ooze; horn and tallow from the pampas—mark the centaur-like vaquero and his whirling riata; gold dust, ivory, palm oil from the west coast. Dreams for you there! Palm oil and gold dust and ivory; elephants and sacrificial fires and trains of captive slaves; hemp, tea, silks and smuggled opium—and do not believe that opium is not smuggled into New York harbor to this day. You think of all that, and your imagination flames.

The gentlemen in the pilot houses are not always in placid moods. Wild eyed men glare out from pilot houses aloft, like eagles from their eyries, and pass the time of day. Says one: "Where'd you think you're going? Back, will you?" And the other: "Back? Me back? Me?"

"You? Yes, you, you stop eyed, slack mouthed, spine twisted fresh water goob, you square headed, fatherless!" And so on, detailing irremediable flaws in the genealogy, after which both back down and avert the impending collision.—James B. Connolly in Harper's Magazine.

A PAINTER'S DREAM.

Pope's Story of the Sleep Vision of Sir Godfrey Kneller.

I dreamed I was dead, said the painter. Before me I saw a door and a great number of people about it. As I drew nearer I could distinguish St. Peter by his keys with some other of the apostles. They were admitting the people as they came next to the door. As the first after my coming up approached for admittance St. Peter asked his name and then his religion. "I am a Roman Catholic," replied the spirit. "Go in then," says St. Peter, "and sit down in those seats on the right hand." The next was a Presbyterian. He was admitted, too, after the usual questions and ordered to sit down on the seat opposite the other.

My turn came next, and as I approached St. Peter very civilly asked me my name. I said it was Kneller. I had no sooner said so than St. Luke, who was standing just by, turned toward me and said, with a great deal of earnestness, "What, the famous Sir Godfrey Kneller of England?" "The very same, sir," says I, "at your service." On this St. Luke embraced me and made a great many compliments on the art we both of us had followed in this world and entered so far into the subject that he seemed almost to have forgotten the business for which I came thither. At last, however, he recollected himself and said: "I beg your pardon, Sir Godfrey. I was so much taken up with the pleasure of conversing with you. But, apropos, pray, sir, what religion may you be of?" "Why, truly, sir," says I, "I am of no religion." "Oh, sir," says he, "you will be so good then as to go in and take your seat where you please."—Pope.

Origins of the Derby.

The twelfth Earl of Derby is unknown to the reader of the ordinary history book. Lovers of art know him vaguely as the peer who married the pretty and popular actress Eliza Farnen, whom the young Lawrence painted so brilliantly. But the earl yearly has his revenge when all the world and his wife flock to Epsom to see the race for the Derby stakes, for that race, in its institution in 1780, was named after the jovial young peer who was one of the leading patrons of the Georgian turf.—London Standard.

Butter in Slices.

From time immemorial in Cambridge, England, the dairymen roll the butter so as to form a long stick weighing a pound, which they sell in slices, as if it were sausage. In the market the butter merchants do not need to use either weights or scales. A simple glance is sufficient for these people accustomed to the time honored practice. A very neat cut with the knife divides the yard into halves, quarters or eighths very exactly, and it appears that the customer is never given short measure.

GOVERN TRADE AND INDUSTRY.

Midsummer Influences, However, Do Not Darken the Future.

New York, July 15.—Bradstreet's weekly review of trade says midsummer influences still govern trade and industry, but better weather and crop reports make for quite optimistic trade reports in the surplus grain producing sections of the West. Very favorable reports as to fall orders come from points west of the Alleghenies, north of the Ohio river and thence westward to the Pacific. Large, though, except in a few cases, not record-breaking crop yields now appear reasonably assured in that entire region, but there is a general agreement that fall business already booked exceeds a year ago at this date. Less assurance is found in the reports from the Western half of the South, where it is feared serious damage has been done by incessant rains to cotton, wheat and other crops, this particularly offsetting the favorable influences of the heavy advance in cotton prices. There is evidence of cross currents in iron and steel, the latter being active and strong, while crude iron is still weak or lower in most markets. Commodity prices display great strength. A point deserving note is the widespread activity in demand for cotton goods of nearly all kinds. Other textiles are also strong.

AGAINST THEATRICAL TRUST.

New Combination of Actors in America Has Been Formed.

New York, July 15.—Announcement of a new combination of actors in America against what is known as the theatrical trust was made Friday by Lee Schubert, of S. S. Schubert & Lee Schubert. The leading companies in the new combination are those headed by David Belasco and Mrs. Minnie Maddern Fiske. Lee Schubert will manage the line of theaters which will be placed at the disposal of Mr. Belasco, Mrs. Fiske and others.

The new combination will back fifteen companies on the road and will book such stars as Sarah Bernhardt, Ada Rehan, Jefferson De Angelis, Henry L. Miller, Lillian Russell, David Warfield, Blanche Bates, Bertha Garland, Robert Hillyard, Mrs. Fiske, Bertha Kallisch and Mrs. Leslie Carter. These actors, under the new management, expects within another week to have a sufficient number of theaters on their own circuit in America and England to play the year round. Mr. Schubert announces that his company now has fourteen playhouses under its control, including theaters in New York, Philadelphia, Chicago, St. Louis and London, England, and that he could within a week be able to open half a dozen more theaters to his attractions, among them a house in Boston. Besides these places the new combination is counting on the support of independent houses all over the country.

Will Reduce Price of Oil.

Washington, July 15.—There may be a revolution in the oil business of the United States as the result of a discovery by Dr. Henry S. Blackmore, one of the leading chemists of the country. The discovery, it is said, will lead to the utilization of billions of gallons of sulphur oils which hitherto have been useless. It will result in reducing the price of oil to the consumers about 50 per cent.

RISEN FROM

ITS RUINS

J. D. Vivian's New Carriage Repository is Completed and Stocked.—Same Site as Former Establishment Which Burned Out Four Months Ago.

Minneapolis Tribune:—

A good example of the rapidity with which Minneapolis business men recover from the effect of loss is shown in the case of J. D. Vivian, the big Hennepin avenue carriage dealer. Only four months ago fire ruined his building and almost entirely destroyed his large stock of vehicles and harness, and now he is back again in the same place with a rebuilt and remodeled building and an immense new stock.

As it is now, Mr. Vivian has a first-class, up-to-date carriage repository, with any kind of a vehicle in stock the human mind could wish for—everything from a runabout to a brougham. In addition to vehicles, he carries a complete line of harness and all accessories.

Speaking to a Tribune reporter yesterday, Mr. Vivian said: "I have great faith in Minneapolis and in the northwest. I have been in business here a long time, and every year's business has shown a handsome increase over the preceding one. Of course my loss by fire retarded things a little, but I opened temporary quarters and my friends hunted me up. In rebuilding here I have made a number of changes in the arrangement of the interior for the sake of convenience, and in selecting my new stock I have bought with particular reference to quality. There is nothing in the building I can't back up with my own personal guarantee, or that I wouldn't just as soon use for myself. Everything being new, is necessarily up to date. The entire stock is true blue, pure gold and clean as a whistle."

Mr. Vivian extends a most cordial invitation to anyone interested in fine vehicles to call and inspect his stock. If you anticipate purchasing, he will be more than pleased to quote prices. Don't forget the name and number, J. D. Vivian, 731-733 Hennepin avenue, Minneapolis, Minn.
